The Arizona State Liquor Commission regulates the sale and service of alcoholic beverages. The Arizona Biltmore is the only licensed authority to sell and serve alcoholic beverages for consumption on premises. It is a Hotel policy, therefore, that liquor may not be brought into the Hotel for use in banquet or hospitality functions. Arizona state liquor laws permit alcoholic beverage service from 6a.m. through 2a.m. Monday through Saturday and 10 a.m. through 2 a.m. Sunday.
