DESIGN AESTHETIC

Architectural prowess and tailored design elements converge at this iconic Phoenix resort. As one of the only existing hotels inspired by Frank Lloyd Wright, the 95-year-old resort just underwent a property-wide refresh, restoring its signature “Biltmore Block” and long-standing design to former glory. Stunning structural details are complemented by a range of intricate wood paneling, oxidized copper and gold-leaf ceilings, as well as original glass fixtures that bestow both transparency and privacy for guests. Whether gathering for an evening cocktail or sipping a morning coffee at the mosaic table, guests are immersed in a tailored experience for the entirety of their stays, with plenty of carefully curated vignettes and photo-worthy lounge areas available to them.

LOCATION

Nestled in the heart of Phoenix amidst palm trees and stunning mountain ranges at the base of the Phoenix Mountain Preserve, the Arizona Biltmore is a peaceful desert oasis spanning 39 acres of pristinely manicured landscape. The resort is less than 20 minutes from Phoenix Sky Harbor International Airport, and only a short trip from Downtown Phoenix and Old Town Scottsdale.

Dining Options

RENATA'S HEARTH is the resort's modern, Latin-inspired restaurant, featuring signature dishes such as Smoked Wagyu Brisket, Spanish Esquite and Warm Fava Beans prepared with serrano-oregano butter and hen of the wood mushrooms. The stunning indoor space, coupled with its expansive outdoor patio, accommodates 150 people. The name Renata means 'born again,' nodding to the space as a reincarnation of the bold, creative and trailblazing women who lived vibrantly when the resort was first constructed 94 years ago. This sentiment lives on through the spices, smoke, heat and lime that are prominently showcased in the venue's culinary offerings. Blending time-honored traditions and bright flavors, Renata's celebrates the warmth and connection that food brings when shared with loved ones.

MCARTHUR'S RESTAURANT & BAR specializes in classic American fare, featuring signature items such as Ensenada Fish Taco with beer-battered snapper, tomatillo salsa, Calabrian aioli, cabbage lime slaw and queso fresco. Named after Arizona Biltmore's visionary architect Albert Chase McArthur, the dining venue continues to pay homage to the man whose dream to build the area's most incredible resort lives on 94 years later.

THE SPIRE BAR features light American fare, including its signature Shrimp & Lobster Club, prepared with sliced avocado, bacon, lettuce, tomato and mayonnaise atop a brioche bun. The striking alfresco venue is canopied by a Frank Lloyd Wright-inspired structure, all supported by its eponymous spire at the center. Framed by magnificent views of Piastewa Peak, the Spire Bar and Event Lawn bestow an idyllic setting for scenic gatherings, cocktails during golden hour and relaxation.

THE WRIGHT BAR features Latin tapas-style cuisine, including its signature Jamón Ibérico de Bellota, prepared with 100% acorn-fed Pata Negra, melón, pan con tomate and artisanal jam. Equipped with eight bar chairs, and plenty of additional seating in the resort's breathtaking lobby, the eye-catching bar is the perfect venue for light bites and cocktails during golden hour or a nightcap to end the evening in true Biltmore fashion.

THE SAGUARO POOL dining offers coastal American cuisine, including the restaurant's signature Ahi & Hamachi Crudo plated with pea shoots, seaweed, Fresno chili, radish and citrus ponzu. Guests can indulge in artfully crafted cocktails and eclectic plates paired with vivid design, mosaics and lush greenery, all housed in a poolside adults-only oasis.

THE PARADISE POOL dining features American style cuisine, with an array of dishes including the resort's signature Pesto Caprese Panini prepared with grilled portobello, eggplant, tomatoes and Taleggio cheese on rosemary ciabatta. Guests have the option to dine poolside or enjoy a swim-up pool bar, both of which include culinary offerings for the whole family.

CUP AND CONE is the resort's Art Deco-inspired café, gelato parlor, and candy store all in one. The café features unique gelato flavors inspired by the Sonoran Desert surroundings such as Mexican Hot Chocolate, Prickly Pear, and Charcoal Raspberry. Guests can sip on hand-roasted espresso and enjoy a selection of baked goods in addition to refreshing sweet treats, all while taking in stunning views.

Spa & Wellness

TIERRA LUNA SPA is Arizona Biltmore's state-of-the-art wellness spa, featuring 12 signature treatment rooms in a serene and artfully curated 28,000-square-foot space, complete with two indoor/outdoor bath suites. The spa's desert-chic aesthetic lends perfectly to a selection of amenities including indoor/outdoor treatment rooms, lounge, steam showers, bathtubs, curated library, plush seating and more. The spa's transformative outdoor space is set amidst ethereal mountain views and ocotillo coves, and is artfully outfitted with a cold plunge pool, hot tub, invigorating rain shower, standalone halotherapy room and a wellness bar serving immune-boosting cocktails and zero-proof refreshments.

Each space accentuates the resort's natural architecture and artisanal design, while a signature Palo Santo fragrance wafts through the hallways with soothing music to create an experience steeped in pure relaxation. Incorporating a holistic approach, the treatment menu at Tierra Luna Spa reflects the core pillars of Desert Botanicals, Cosmic Connection, and Dynamic Recovery. Indigenous mud, desert herbs and native scents are utilized throughout the spa menu to pay tribute to the resort's desert surroundings, all brought to life through Signature Massage + Body Experiences, Skin Care, Soaking Experiences, Cosmic Experiences, and Finishing Touches.
